HOW DO THE TWO TIERS WORK?

As a member of DHMP, you can choose where you receive your health care. The Denver Health DHMO and Denver Health HDHP plans provide you with two options for obtaining covered health care services under one plan. Each time you or a family member access care you can choose between Tier 1 and Tier 2 providers.

Tier 1: Providers and facilities at Denver Health

Tier 2: HighPoint Denver contracted providers and facilities, including UCHealth and Children’s Hospital Colorado, CU Medicine and also includes Cofinity contracted providers and facilities

See the provider directory on our website at denverhealthmedicalplan.org/find-doctor or call Health Plan Services at 303-602-2100.

The cost sharing is different for each tier of service. Be sure to check your benefit schedule. If you have an eligible dependent residing outside the network area, they may qualify to access the First Health national network. You must call Health Plan Services to set this up.
SAME DAY CARE OPTIONS

When you need care today but aren’t sure of the best option, we’re here to help:

THE NURSELINE IS HERE TO HELP 24 HOURS A DAY/7 DAYS A WEEK.
Call 303-739-1261 and speak to a Denver Health nurse about your health concerns at no cost to you. Sometimes they can even call in a prescription for you. NurseLine nurses can help you decide on the best plan to get the care you need.

VISIT AN URGENT CARE CENTER.
Denver Health offers three Urgent Care centers. There are separate Pediatric (open 24/7) and Adult (open Mon-Fri, 7 a.m. to 8 p.m. | Sat-Sun, 8 a.m. to 7 p.m.) Urgent Care centers on its Main Campus at 777 Bannock St., as well as the Southwest Clinic for Pediatrics and Adults at 1339 Federal Blvd. (open Mon-Fri, 9 a.m. to 8 p.m. | Sat-Sun, 9 a.m. to 4 p.m., closed holidays).

Note: You can visit any urgent care center that is convenient for you. Your DHMP plan will cover you at any urgent care center, anywhere in the U.S.

DISPATCHHEALTH WILL COME TO YOU.
DispatchHealth is in your network and acts as urgent care on-the-go. They can treat a range of injuries and illnesses in the comfort and convenience of your home. Visit dispatchhealth.com, download the free app or call 303-500-1518.

EMERGENCY ROOM.
You can access 24/7 emergency care for both children and adults on the Denver Health Main Campus at 777 Bannock St. The Denver Health Pediatric Emergency Department is designed just for kids and is completely separate from the Adult Emergency Department.

Note: If you need emergency care, go to the nearest hospital or call 9-1-1. Your DHMP plan will cover you at any emergency room, anywhere in the U.S.
**AGGREGATE DEDUCTIBLE**
A deductible is the amount you have to pay for allowable covered expenses under a health plan during a specified time period (e.g., a plan year or benefit year) before the plan will begin paying for covered expenses. In an aggregate deductible plan, cost sharing will begin after an individual family member, or combination of family members, reaches the family deductible amount. The family members then pay copayments and/or coinsurance where applicable for the remainder of the plan year, or until the family out-of-pocket maximum is met.

**“ALLOWED” AMOUNT**
DHMP negotiates a discount with each provider in our network. You have the advantage of this discount (allowed amount) and will never pay more than this negotiated price.

**“BILLED” AMOUNT**
This is what the provider bills to the insurance plan for a service you received. These are the “full” charges and the discount DHMP negotiated has not been applied yet.

**COINSURANCE (COINS)**
This is the charge, stated as a percentage of eligible expenses, that you are required to pay for certain covered health services.

**COPAY**
The predetermined amount, stated as a percentage or a fixed dollar, an enrollee must pay to receive a specific service or benefit. Copayments are due and payable at the time of receiving service.

**DEDUCTIBLE (DED)**
The amount you will have to pay for allowable covered expenses under a health plan during a specified time period (e.g., a plan year or benefit year) before the carrier will cover expenses. The specific expenses that are subject to the deductible vary by policy.

**EMBEDDED DEDUCTIBLE**
A deductible is the amount you have to pay for allowable covered expenses under a health plan during a specified time period (e.g., a plan year or benefit year) before the plan will begin paying for covered expenses. In an embedded deductible plan, cost sharing for a member will begin when that member reaches their individual deductible, or when a combination of members reaches the family deductible. This means that a member will start to pay copays and/or coinsurance for the remainder of the plan year or until the individual out-of-pocket maximum is met. Once the individual reaches their out-of-pocket maximum, then the plan will pay 100% of covered services for that member for the remainder of the plan year.

Note: an individual who meets their individual deductible will initiate cost sharing with the plan prior to other members on the plan.

**FSA**
A Flexible Spending Account (FSA) is a special account you put money into that you use to pay for certain out-of-pocket health care costs. You don’t pay taxes on this money if pre-tax payroll deductions are elected. This can lower your taxable income and allows you to pay for qualified medical expenses with tax-free dollars.

**HDHP**
A High Deductible Health Plan (HDHP) has a higher annual deductible than typical health plans. In exchange for that higher deductible, you will pay a lower premium each month for your health insurance.

**HSA**
A Health Savings Account (HSA) is like a personal savings account, but the money in it is used to pay for health care expenses. You — not your employer or insurance company — own and control the money in your Health Savings Account. You have the option to deduct a portion of your pre-tax earnings each pay period to go directly into your HSA to help pay your deductible, coinsurance and other qualified health care expenses. These contributions do not expire at the end of the year and may also be invested if you choose.

Note: You cannot spend HSA dollars directly from your investment account.

**MONTHLY PREMIUM**
Monthly charge to a subscriber for medical benefit coverage for the subscriber and their eligible, enrolled dependents.

**OUT-OF-POCKET MAXIMUM**
The maximum amount you will have to pay for allowable covered expenses under a health plan. The specific deductibles or cost sharing included in the out-of-pocket maximum may vary by policy.
