QUALITY IMPROVEMENT PROGRAM STRUCTURE								
*2020 QI Program Description-Scope	The QI Program Description will be annually reviewed and updated according to national and state standards and guidelines with an emphasis on the QI program scope, goals, objectives and structure. This document will clearly outline how the QI program is organized and how it uses its resources to meet program objectives. This will include functional areas and their responsibility and the reporting relationship between the QI Department and the Quality Management Committee (QMC).	Annually Program must include: <ul style="list-style-type: none"> Program Structure How patient safety is addressed How designated physician is involved How BH practitioner is involved Oversight of QI functions by QMC Annual work plan Objectives for serving a culturally and linguistically diverse membership Objectives for serving members with complex health needs, including behavioral health 	Objective: <ul style="list-style-type: none"> All requirements must be met Reviewed and updated annually Submitted for review to the QMC and BOD 	Annually	QI Director	1/2021	4/2021	QMC Board of Directors
*2020 Annual QI Work Plan	The QI Work Plan schedule is developed after review of previous year's QI Work Plan and Evaluation. The revised Work Plan schedule is crafted after review of annual HEDIS and CAHPS results, along with the overall goals and objectives of QI in the health plan. The work plan is a dynamic document that is frequently updated to reflect progress on DHMP QI activities throughout the year. All yearly objectives must be measureable and analyzed annually during the Program Evaluation.	Work Plan must address: <ul style="list-style-type: none"> Quality of Clinical Care Quality of Service Safety of Clinical Care Member's Experience QI Program Scope Yearly Objectives and planned activities Time Frame in which each activity is to be achieved The staff member responsible for each activity Monitoring of previously identified issues Evaluation of the QI Program 	Objective: <ul style="list-style-type: none"> All 9 requirements must be met Yearly objectives must be measureable Submitted to and reviewed by the QMC and BOD 	Annually	QI Director	1/2021	4/2021	QMC Board of Directors

*2020 QI Program Evaluation Report (includes all indicators for the present year.)	The Program Evaluation report is written annually to evaluate the results of QI initiatives in measurable terms trended over time and compared with performance objectives as defined in the QI Work Plan.	Evaluation includes: <ul style="list-style-type: none"> • A description of completed and ongoing QI activities that address quality and safety of clinical care and quality of service • Trending of measures to assess performance in the quality and safety of clinical care and quality of service • Analysis and evaluation of the overall effectiveness of the QI program, including progress toward influencing network-wide safe clinical practices 	For all goals not met: <ul style="list-style-type: none"> • QI conducts a root cause or barrier analysis to identify the underlying causes and recommend changes to improve. • Analysis must include organizational staff with direct experience of processes that have presented barriers to improvement.
