

Denver Health Medicaid Choice (DHMC) and Child Health Plan Plus (CHP+) 2021 Formulary & Pharmaceutical Management Procedures

What is the DHMC and CHP+ Formulary?

The *DHMC and CHP+ Formulary* is a tool to help providers choose safe and effective drugs. If you are a member and have questions please refer to your Member Handbook or call Member Services at one of the numbers listed below.

- CHP+: 303-602-2100
- Medicaid: 303-602-2116
- Toll free for Medicaid and CHP+: 1-800-700-8140
- TTY/TDD users for Medicaid and CHP+: 711

The Denver Health Medicaid Choice (DHMC) plan and the Child Health Plan Plus (CHP+) plan [offered by Denver Health Medical Plan (DHMP)] use this formulary which includes both prescription and over-the-counter (OTC) drugs. The formulary is a closed formulary which means only the drugs listed are covered under the pharmacy benefit. All drugs require a prescription written by a provider to be covered by the pharmacy benefit.

How are formulary drugs selected?

The drugs are selected by a group of Denver Health doctors and pharmacists known as the Pharmacy and Therapeutics Committee. This committee meets regularly to review and select drugs for our members. During a review, the committee may look at the following for each drug:

- U.S. Food and Drug Administration (FDA) approval
- Safety and effectiveness
- Comparison studies
- Approved indications
- Adverse effects
- Contraindications, warnings and precautions
- Pharmacokinetics
- Patient compliance considerations
- Medical outcome and pharmacoeconomic studies

Does the formulary ever change?

Changes are made throughout the year. The latest version of the formulary may be viewed online.

- Provider Website
 - <http://www.denverhealthmedicalplan.org/provider-pharmacy-information>

- Member Website
 - <https://www.denverhealthmedicalplan.org/pharmacy>

Members and providers may also ask for a printed copy of the formulary by calling Member Services.

What if the pharmacy tells me the drug is not covered?

The pharmacy may receive a rejection message that says a Prior Authorization Request (PAR)/exception request is needed to have the drug covered. The pharmacy may contact the provider to have the prescription changed to a formulary alternative, which is also known as a therapeutic substitution. The pharmacy may also request the provider send a completed PAR form to the DHMC/DHMP Pharmacy Department. Clinical information showing why the requested drug is needed is required on the PAR.

What if the drug prescribed is not on the formulary?

If the drug is not listed there may be a generic or a formulary approved drug which can be prescribed. If the provider gives a member drug samples to start treatment, the member must find out if the medication is on the formulary or requires PAR approval first. If the samples are taken by the member before asking DHMC/DHMP to pay for the drug first, it does not mean that DHMC/DHMP will pay for that drug. Providers may submit a PAR by calling the DHMC/DHMP Pharmacy Department at 303-602-2070 or 877-357-0963. Providers may also send completed PARs by fax to 303-602-2081 or email

ManagedCarePAR@dhha.org.

How are PARs (also called an exception request) processed?

The DHMC/DHMP Pharmacy Department reviews all PARs/exception requests on a case-by-case basis. Decisions are made using certain criteria and guidelines. Drugs listed on the formulary with a Prior Authorization (PA) or Step Therapy (ST) requirement have criteria available on the plan website. If the drug is non-formulary, all reasonable formulary drugs to treat the same condition must be tried first. Generic non-formulary drugs are preferred over brand non-formulary drugs. Other resources may also be used to make a decision, such as guidelines found on the National Guideline Clearinghouse website at <http://www.guideline.gov>. The member or provider may request a copy of the criteria or guidelines used for their submitted exception request. According to Colorado regulations, providers are expected to respond to the plan's request for additional information within 24 hours. After a PAR is submitted, the member and provider will be notified of the decision. An expedited or quicker review for urgent situations may be requested. If you have questions about this process please call the DHMC/DHMP Pharmacy Department at 303-602-2070 or 877-357-0963.

What happens if a request is denied?

If a request is denied, the member and provider will receive a letter that will include information about the member's rights and the appeals process. The Member Handbook gives more details about this process. Please refer to the Member Handbook, or call Member Services if you have any questions.

What if the member is new to the plan and the drug is not on the formulary?

If the member is new to the plan they may be eligible for a transition supply. This may be done for medications that are not on the formulary or if the prescription is for a quantity more than what the formulary allows to be filled. This allows the provider time to prescribe a formulary drug or submit a PAR.

What are generic drugs?

Generic drugs are FDA-approved for safety and effectiveness. The color and shape may be different from the brand-name drug, but they are made using the same strict FDA standards as brand-name drugs. If a brand-name drug is requested by the member when a generic is available, the member must pay the difference in cost. If a brand-name drug is requested by the provider when a generic is available, the brand-name drug will be covered at the usual copay.

What is generic substitution?

Generic substitution is when a generic version of a drug is dispensed in place of a brand-name drug. In most cases generic drugs are preferred on the formulary.

When are prescriptions eligible to be refilled?

Non-controlled prescriptions are eligible for refill once 75% has been used. Some examples of non-controlled prescriptions are drugs used for blood pressure, high cholesterol and diabetes. Controlled prescriptions are eligible once 85% has been used. Some examples of controlled prescriptions are opioids, stimulants such as Adderall or Ritalin, or benzodiazepines such as diazepam and lorazepam. This is calculated using the original prescription directions. If there is a change in the prescription directions, the pharmacy or provider should be contacted for an updated prescription.

90-day Supplies

A 90-day supply can be filled for most maintenance drugs at a \$0 copay.

Maintenance drugs are drugs that are taken every day for:

- Blood Pressure
- Cholesterol
- Diabetes
- Depression
- Mental Health
- Asthma/COPD
- Birth Control
- Osteoporosis
- Thyroid Disorders
- Epilepsy
- Parkinson's Disease

90-day supplies can **NOT** be filled for:

- Non-formulary Drugs
- HIV Drugs
- Specialty Drugs
- Opiates

To find out if a drug can be filled for a 90-day supply, visit the pharmacy page of the plan's website and click the "Drug Formulary Search" link. A provider must write a prescription for a 90-day supply. The pharmacy cannot fill a 90-day supply without the provider's permission. For more information, call the DHMC/DHMP Pharmacy Department at 303-602-2070 or 877-357-0963.

Are prescriptions eligible through mail order?

Members may get prescriptions through Denver Health Pharmacy by Mail if their prescriptions are written by a Denver Health provider. This service allows a 90-day supply of certain prescriptions to be delivered to the member. Prescriptions must be written for a 90-day supply of drug. A credit card is not needed for this service.

- Denver Health Pharmacy by Mail
303-602-2326

What if my drug is a specialty drug?

Some drugs are known as "Specialty" drugs. Most specialty drugs can only be filled as 30-day supplies. Some specialty drugs can only be filled at specialty pharmacies chosen by DHMC/DHMP.

Are there drugs that are excluded by the pharmacy benefit?

Some drugs are not covered at all. These include drugs for the following:

- Cosmetic use (anti-wrinkle, hair removal, and hair growth products)
- Non-formulary dietary supplements (vitamins, herbals, etc.)
- Infertility (to help women get pregnant)
- Pigmenting / De-pigmenting (to change skin color)
- Sexual performance/dysfunction (Viagra, Cialis, Levitra etc.)
- Weight loss
- Investigational or experimental treatments
- Prescription drugs not approved by the Food and Drug Administration (FDA) for any disease
- Travel vaccinations recommended by the Centers for Disease Control and Prevention (CDC) only for travel outside of the United States (covered vaccines are listed in the formulary)

Who should be contacted with questions?

The member or provider may contact the DHMC/DHMP Pharmacy Department with any questions about the formulary or pharmacy benefits by calling 303-602-2070 or 877-357-0963, or by email at ManagedCarePAR@dhha.org. Member Services may also be contacted at the following numbers:

- CHP+: 303-602-2100

- Medicaid: 303-602-2116
- Toll free for Medicaid and CHP+: 1-800-700-8140
- TTY/TDD users for Medicaid and CHP+: 711

How to use the formulary

- The formulary is grouped by drug class or disease state sections.
- Generic drugs are listed by generic name, and brand names are included as a reference. Brand drugs are listed only with brand names.
- For most drugs all dosage forms and strengths of the brand-name drug listed are covered by the pharmacy benefit.
- When a strength or dosage form is listed specifically, only that strength or dosage form is included on the formulary. Other strengths and dosage forms of the reference product are not included on the formulary.
- Modified-release or combination products included on the formulary are defined by the listed brand-name product. Modified-release and combination products are only covered if they are on their own line and are not included if only the immediate release drug is listed.

5 Tier Formulary

Tier 1: Preferred generic drugs

Tier 2: Non-preferred generic drugs.

Tier 3: Preferred brand-name drugs

Tier 4: Non-preferred brand-name drugs and preferred specialty drugs to be filled at the preferred specialty pharmacies chosen by the plan.

Tier 5: Specialty drugs to be filled at the preferred specialty pharmacies chosen by the plan.

Copay: All formulary tiers have a \$0 copay.

Formulary Abbreviations and Font Descriptions

Utilization Management Restrictions

ABBREVIATION	DESCRIPTION	EXPLANATION
LA	Limited Access	This drug must be filled at a Denver Health Pharmacy or a PAR must be approved before the drug can be filled at a non-Denver Health Pharmacy.
PA	Prior Authorization Restriction	The member or provider is required to get prior authorization from DHMC/DHMP before this drug may be filled. Without prior approval, DHMC/DHMP may not cover this drug.
QL	Quantity Limit Restriction	DHMC/DHMP limits the amount of this drug that is covered per prescription, or within a specific time frame.
ST	Step Therapy Restriction	Before DHMC/DHMP will provide coverage for this drug, the member must first try another drug(s) to treat their medical condition. This drug may only be covered if the other drug(s) does not work.

Drug Name Font Descriptions

FONT TYPE	EXAMPLE	EXPLANATION
Drug Name in All Lowercase Letters and Italicized	<i>atenolol</i>	This is the generic drug that is covered by the plan.
Drug Name in Parentheses	(Tenormin)	This is a brand name of the generic drug that is covered by the plan. This does not mean that the brand name is covered. It is provided only has a helpful reference for the member or provider when searching the formulary.

FONT TYPE	EXAMPLE	EXPLANATION
Drug Name in All Uppercase Letters	BYSTOLIC	This is a brand name drug that is covered by the plan.
