# WHICH PLAN IS RIGHT FOR YOU?

## BRONZE

**Lowest monthly premiums, higher out-of-pocket costs:**

- » If you don't access care often, but want the security of knowing you have coverage when you need it
- » May qualify for the Advance Premium Tax Credit (APTC) that can lower monthly premiums

## SILVER

**Moderate monthly premiums, moderate out-of-pocket costs:**

- » If you require some health care services, but don't want to pay higher premiums
- » May qualify for two federal subsidies: 1) Advance Premium Tax Credit (APTC); and/or 2) Cost Sharing Reduction (CSR)

## GOLD

**Moderate monthly premiums, lowest out-of-pocket costs:**

- » If you have a lot of health care needs, you'll have higher premiums to cover your lower cost of care
- » May qualify for the Advance Premium Tax Credit (APTC) that can lower monthly premiums

## SUBSIDY TYPES

There are 2 types of subsidies available for those who qualify:

### COST SHARING REDUCTION (CSR)

Cost Sharing Reductions (CSR) are available to those with low-to-moderate income who qualify and enroll in a Silver plan through Connect for Health Colorado. Health insurance plans may require some cost sharing when you receive covered services. Cost Sharing Reductions help you save on these expenses, such as copayments, coinsurance and deductibles, in addition to your monthly premium.

### ADVANCED PREMIUM TAX CREDIT (APTC)

An Advanced Premium Tax Credit (APTC) is a subsidy that lowers the amount of the monthly premium you pay for health insurance. To be eligible for an Advanced Premium Tax Credit, you must buy your health insurance plan through Connect for Health Colorado and meet the income requirements. Tax credits can be used right away to lower your monthly premium costs.

# HEALTH INSURANCE 101: SIMPLE LANGUAGE

## ALLOWED AMOUNT

DHMP negotiates a discount with each provider in our network. You have the advantage of this discount (allowed amount) and will never pay more than this negotiated price.

## BILLED AMOUNT

This is what the provider bills to the insurance plan for a service you received. These are the full charges and the discount DHMP negotiated has not been applied yet.

## COINSURANCE (COINS)

This is the charge, stated as a percentage of eligible expenses, that you are required to pay for certain covered health services.

## COPAY

The predetermined amount, stated as a percentage or a fixed dollar, an enrollee must pay to receive a specific service or benefit. Copayments are due and payable at the time of receiving a service.

## DEDUCTIBLE (DED)

The amount you will have to pay for allowable covered expenses under a health plan during a specified time period (e.g., a plan

year or benefit year) before the carrier will cover expenses. The specific expenses that are subject to the deductible vary by policy.

## EMBEDDED DEDUCTIBLE \*

A deductible is the amount you have to pay for allowable covered expenses under a health plan during a specified time period (e.g., a plan year or benefit year) before the plan will begin paying for covered expenses. In an embedded deductible plan, cost sharing for a member will begin when that member reaches their individual deductible or when a combination of members reaches the family deductible. This means that a member will start to pay copays and/or coinsurance for the remainder of the plan year or until the individual out-of-pocket maximum is met. Once the individual reaches their out-of-pocket maximum, then the plan will pay 100% of covered services for that member for the remainder of the plan year.

Note: an individual who meets their individual deductible will initiate cost sharing with the plan prior to other members on the plan.

## HSA

A Health Savings Account (HSA) is like a personal savings account, but the money in it is used to pay for health care expenses. You own and control the money in your HSA and have the option to deduct a portion of your pre-tax earnings each pay period to go directly into your HSA to help pay your deductible, coinsurance and other qualified health care expenses. *Elevate Exchange does not administer HSA accounts. You can open an HSA account through your bank or other financial institutions.*

## MONTHLY PREMIUM

Monthly charge to a subscriber for medical benefit coverage for the subscriber and their eligible, enrolled dependents.

## OUT-OF-POCKET MAXIMUM

The maximum amount you will have to pay for allowable covered expenses under a health plan. The specific deductibles or cost sharing included in the out-of-pocket maximum may vary by policy.

*\* All Elevate Exchange Health Plans offered through DHMP have embedded deductibles.*
