DENVER HEALTH MEDICAL PLAN
WE TAKE YOUR HEALTH PERSONALLY

WELCOME TO DHMP

On behalf of Denver Health Medical Plan, Inc. (DHMP), we would like to thank you for choosing us as your health insurance carrier. We know you will find many advantages to being a member of DHMP, including personalized service and comprehensive health care benefits. Our members come first!

This Quick Reference Guide is filled with very important information on how to get the most out of your health plan. The following tips will help you navigate the process and take advantage of your benefits.

1

SCHEDULE AN APPOINTMENT TO ESTABLISH CARE IF YOU'RE NEW TO DHMP, OR SCHEDULE YOUR PREVENTIVE CARE VISIT WITH YOUR PCP

Make sure you're up-to-date on your preventive care:

- Annual checkups
- Immunizations
- Cancer screenings
- Prenatal visits
- Well-child visits
- Well-woman exams

MEMBER TIP:

When you visit your provider for an annual preventive exam, it is a great time to also talk to your provider about chronic issues such as high blood pressure, diabetes, etc. or any new health issues. You and your provider can develop a plan that supports your health and well-being and fits your lifestyle. Cost-sharing may apply if additional services such as an ultrasound, x-rays, bloodwork, etc. are needed.

2 SAVE ON PRESCRIPTION COSTS

Prescription pricing at Denver Health pharmacies is lower than at National Network retail pharmacies. Prescriptions must be written by a Denver Health provider to be filled at a Denver Health pharmacy. You can save up to **50% off** your prescription costs at a Denver Health pharmacy.

3 MEMBER PORTAL

Manage your plan with our online Member Portal. Register for Member Portal access at **DenverHealthMedicalPlan.org**. Click on the **"MEMBER LOGIN"** tab on the home page.

4 DHMP PHARMACY PORTAL

DHMP has an online Pharmacy Portal where you can login to view your pharmacy claims, print tax documents, use search tools to find a pharmacy or check the price of a drug and get information on drug side effects. Register by visiting your plan's pharmacy page and click "Pharmacy Portal/Drug Information". You can also call our dedicated Pharmacy Department hotline at 303-602-2070.

5 DHMP WELL-BEING PORTAL

Good health is the best reward...but a **\$100 reward** doesn't hurt! DHMP has developed a comprehensive, interactive well-being program for your body and mind. See more program details and sign-up at:

BeWellDHMP.org

HEALTH INSURANCE 101: SIMPLE LANGUAGE

Monthly Premium: Monthly charge to a subscriber for medical benefit coverage for the subscriber and their eligible, enrolled dependents.

Out-of-Pocket Costs: What you pay for medical expenses that aren't paid by your health insurance plan. Your out-of-pocket costs include deductibles, copays and coinsurance for health care services. In other words, any costs you personally pay for covered medical or pharmacy services.

Billed Amount: This is what the provider bills to the insurance plan for a service you received. These are the full charges and the discount DHMP negotiated has not been applied yet.

Allowed Amount: DHMP negotiates a discount with each provider in our network. You have the advantage of this discount (allowed amount) and will never pay more than this negotiated price.

Coinsurance: This is the charge, stated as a percentage of eligible expenses, that you are required to pay for certain covered health services.

Out-of-Pocket Maximum: The maximum amount you will have to pay for allowable covered expenses under a health plan. The specific deductibles or cost sharing included in the out-of-pocket maximum may vary by policy.

PHARMACY BENEFITS

WHERE YOU CAN FILL YOUR PRESCRIPTION

- » Want to lower your out-of-pocket costs? Denver Health pharmacies are conveniently located in many of the Denver Health clinics and will give you the lowest out-of-pocket costs.
 - Important: Prescriptions must be written by a Denver Health provider in order to be filled at a Denver Health pharmacy.
- » You can fill your prescription at one of thousands of contracted pharmacies nationwide including Denver Health pharmacies, King Soopers, Safeway, Target, Walgreens and more.

WE PASS THE SAVINGS ON TO YOU

DHMP will never charge you more than your copay, and if the pharmacy submits a cost less than your copay, that savings is passed on to you. Example: If your copay is \$8 and the pharmacy submits a cost of \$10, you will pay \$8. However, if your copay is \$8 and the pharmacy submits a cost of \$6, you will only pay \$6.

HOW TO SAVE MONEY ON PRESCRIPTIONS

- » Ask your provider for a 90-day supply; the cost of a 90-day supply is less than getting a 30-day supply each month.
 - 90-day supplies can also be sent to your home through the mail using the plan's Mail Order Pharmacy.
- » Fill your prescriptions at a Denver Health pharmacy (if your prescription is written by a Denver Health provider).
 - Don't have time to get to a Denver Health pharmacy? Denver Health Pharmacy by Mail will send prescriptions directly to your home!

SPECIALTY DRUGS

- » If you fill prescriptions written by a specialist provider such as an infectious disease specialist, rheumatologist, neurologist or oncologist, you may have specialty drugs.
- » Specialty drugs can only be filled at a Denver Health pharmacy or the preferred specialty pharmacies chosen by DHMP.
- » Most specialty drugs can only be filled for a 30-day supply, even if they are sent to your home in the mail.
