

## **Formulario y procedimientos de gestión farmacéutica de Elevate Medicaid Choice y Elevate Child Health Plan Plus (CHP+) para 2022**

### **¿Qué es el *Formulario de Elevate Medicaid Choice y Elevate CHP+*?**

El *Formulario de Elevate Medicaid Choice y Elevate CHP+* es una herramienta para ayudar a los proveedores a elegir medicamentos seguros y efectivos. Si usted es un miembro y tiene preguntas, consulte su Manual para miembros o llame a Servicios al Miembro a uno de los números que figuran a continuación:

- CHP+: 303-602-2100
- Medicaid: 303-602-2116
- Número gratuito para Medicaid y CHP+: 1-800-700-8140
- Número para usuarios de TTY para Medicaid y CHP+: 711

El plan Elevate Medicaid Choice y el plan Elevate Child Health Plan Plus (CHP+) [ofrecido por Denver Health Medical Plan (DHMP)] usan este formulario que incluye medicamentos de venta con receta médica y medicamentos de venta libre (over-the-counter, OTC). El formulario es una lista de medicamentos cerrada, lo cual significa que solo los medicamentos que figuran allí están cubiertos por el beneficio de farmacia. Todos los medicamentos requieren una receta escrita por un proveedor para que el beneficio de farmacia los cubra.

### **¿Cómo se seleccionan los medicamentos del formulario?**

Los medicamentos son seleccionados por un grupo de médicos y farmacéuticos de Denver Health conocido como el Comité de Farmacia y Terapéutica (Pharmacy and Therapeutics Committee). Este comité se reúne regularmente para revisar y seleccionar medicamentos para nuestros miembros. Durante una revisión, el comité puede observar lo siguiente para cada medicamento:

- Aprobación de la Administración de Medicamentos y Alimentos de EE. UU. (U.S. Food and Drug Administration, FDA)
- Seguridad y eficacia
- Estudios de comparación
- Indicaciones aprobadas
- Efectos adversos
- Contraindicaciones, advertencias y precauciones
- Farmacocinética
- Consideraciones respecto del cumplimiento terapéutico de los pacientes
- Resultados médicos y estudios farmacoeconómicos

## **¿Se modifica el formulario en algún momento?**

Se realizan cambios en el transcurso del año. La última versión del formulario puede verse en internet.

Los miembros y proveedores también pueden solicitar una copia impresa del formulario llamando a Servicios al Miembro.

## **¿Qué pasa si la farmacia me dice que el medicamento no está cubierto?**

La farmacia puede recibir un mensaje de rechazo que dice que se necesita una solicitud de autorización previa (Prior Authorization Request, PAR) o una solicitud de excepción para que el medicamento esté cubierto. La farmacia puede contactar al proveedor para que cambie el medicamento por uno alternativo que figure en el formulario, lo que también se conoce como una sustitución terapéutica. La farmacia también puede solicitarle al proveedor que envíe un formulario de PAR completo al Departamento de Farmacia de DHMP. Se requiere que en la PAR figure la información clínica que muestre por qué se necesita el medicamento solicitado.

## **¿Qué pasa si el medicamento recetado no está en el formulario?**

Si el medicamento no está en la lista, es posible que haya un medicamento genérico o un medicamento aprobado para figurar en el formulario que pueda recetarse. Si el proveedor le da a un miembro muestras de medicamentos para comenzar el tratamiento, el miembro debe averiguar si el medicamento está en el formulario o si requiere aprobación mediante una PAR primero. Si el miembro toma las muestras antes de pedirle a DHMP que pague primero el medicamento, eso no significa que DHMP pagará por ese medicamento. Los proveedores pueden presentar una PAR llamando al Departamento de Farmacia de DHMP al 303-602-2070 o al 1-877-357-0963. Los proveedores también pueden enviar PAR completas por fax al 303-602-2081 o por correo electrónico a [ManagedCarePAR@dhha.org](mailto:ManagedCarePAR@dhha.org).

## **¿Cómo se procesan las PAR (también llamadas solicitudes de excepción)?**

El Departamento de Farmacia de DHMP revisa todas las solicitudes de PAR o solicitudes de excepciones caso por caso. Las decisiones se toman usando ciertos criterios y pautas. En el sitio web del plan se encuentran disponibles los criterios específicos para los medicamentos que figuran en el formulario con un requisito de autorización previa (Prior Authorization, PA) o de terapia escalonada (Step

Therapy, ST). Si el medicamento no está en el formulario, deben probarse primero todos los medicamentos del formulario que razonablemente sirvan para tratar la misma afección. Entre los medicamentos no incluidos en el formulario, se prefieren los medicamentos genéricos a los medicamentos de marca. También se pueden usar otros recursos para tomar una decisión, como las pautas que se encuentran en el sitio web de la Base de Datos Nacional sobre Pautas de Práctica Clínica (National Guideline Clearinghouse) en <http://www.guideline.gov>. El miembro o el proveedor pueden solicitar una copia de las pautas o los criterios utilizados para la solicitud de excepción enviada. De acuerdo con los reglamentos de Colorado, se espera que los proveedores respondan a la solicitud de información adicional del plan dentro de las 24 horas. Después de enviar una PAR, el miembro y el proveedor recibirán un aviso respecto de la decisión. Se puede solicitar una revisión acelerada o más rápida para situaciones urgentes. Si tiene preguntas sobre este proceso, llame al Departamento de Farmacia de DHMP al 303-602-2070 o al 1-877-357-0963.

### **¿Qué sucede si una solicitud es denegada?**

Si se rechaza una solicitud, el miembro y el proveedor recibirán una carta que incluirá información sobre los derechos del miembro y el proceso de apelación. El Manual para miembros brinda más detalles sobre este proceso. Consulte el Manual para miembros o llame a Servicios al Miembro si tiene alguna pregunta.

### **¿Qué sucede si el miembro es nuevo en el plan y el medicamento no está en el formulario?**

Si el miembro es nuevo en el plan, puede ser elegible para recibir un suministro de transición. Esto se puede hacer para los medicamentos que no están en el formulario o si la receta es para una cantidad mayor de la permitida en el formulario. Esto le brinda al proveedor tiempo para recetar un medicamento que esté en el formulario o para presentar una PAR.

### **¿Qué son los medicamentos genéricos?**

Los medicamentos genéricos cuentan con la aprobación de la FDA respecto de su seguridad y eficacia. El color y la forma de los medicamentos genéricos pueden ser diferentes del color y la forma que presentan los medicamentos de marca, pero se fabrican usando los mismos estándares estrictos de la FDA que se usan para fabricar los medicamentos de marca. Si el miembro solicita un medicamento de marca cuando hay un genérico disponible, el miembro debe pagar la diferencia de costo. Si el proveedor solicita un medicamento de marca cuando hay un genérico disponible, el medicamento de marca estará cubierto con el copago habitual.

### **¿Qué es una sustitución genérica?**

Una sustitución genérica se produce cuando se dispensa una versión genérica de un medicamento en lugar de un medicamento de marca. En la mayoría de los casos, los medicamentos genéricos se prefieren en el formulario.

## **¿Cuándo puede renovarse un medicamento recetado?**

Los medicamentos con receta no controlados son elegibles para renovarse una vez que se ha utilizado el 75%. Algunos ejemplos de medicamentos con receta no controlados son los medicamentos utilizados para la presión arterial, el colesterol alto y la diabetes. Los medicamentos con receta controlados son elegibles una vez que se ha utilizado el 85%. Algunos ejemplos de medicamentos con receta controlados son los opioides, los estimulantes, como Adderall o Ritalin, o las benzodiacepinas, como diazepam y lorazepam. Esto se calcula usando las instrucciones de la receta original. Si hay un cambio en las indicaciones de la receta, se debe contactar a la farmacia o al proveedor para obtener una receta actualizada.

### **Suministros para 90 días**

Se puede recibir un suministro para 90 días de la mayoría de los medicamentos de mantenimiento con un copago de \$0.

Los medicamentos de mantenimiento son medicamentos que se toman todos los días para las siguientes afecciones:

- Presión arterial
- Colesterol
- Diabetes
- Depresión
- Salud mental
- Asma/EPOC
- Anticoncepción
- Osteoporosis
- Trastornos tiroideos
- Epilepsia
- Enfermedad de Parkinson

**NO** se pueden recibir suministros para 90 días de los siguientes medicamentos:

- Aquellos que no figuran en el formulario
- Medicamentos contra el VIH
- Medicamentos de especialidad
- Opiáceos

Para saber si se puede obtener un suministro para 90 días de un determinado medicamento, visite la página de farmacia en el sitio web del plan y haga clic en el enlace “Drug Formulary Search” (Búsqueda en el formulario de medicamentos). Un proveedor debe escribir la receta para obtener un suministro para 90 días. La farmacia no puede entregar un suministro para 90 días sin el permiso del proveedor. Para obtener más información, llame al Departamento de Farmacia de DHMP al 303-602-2070 o al 1-877-357-0963.

### **Los medicamentos recetados, ¿son elegibles para el envío por correo?**

Los miembros pueden obtener medicamentos recetados a través del servicio de envíos por correo de Denver Health Pharmacy by Mail si las recetas son escritas por un proveedor de Denver Health. Este servicio permite que se le entreguen al miembro

suministros para 90 días de ciertos medicamentos recetados. Las recetas deben indicar por escrito que es un suministro para 90 días de ese medicamento. No se necesita una tarjeta de crédito para usar este servicio.

## ¿Qué pasa si mi medicamento es un medicamento de especialidad?

Algunos medicamentos se conocen como medicamentos “de especialidad”. La mayoría de los medicamentos de especialidad solo pueden obtenerse como suministros para 30 días. Algunos medicamentos de especialidad solo pueden obtenerse en las farmacias especializadas elegidas por DHMP.

## ¿Hay medicamentos que están excluidos por el beneficio de farmacia?

Algunos medicamentos no están cubiertos en absoluto. Estos incluyen medicamentos para lo siguiente:

- Uso cosmético (productos antiarrugas, para la remoción de vello y crecimiento del cabello)
- Suplementos alimentarios que no están en el formulario (vitaminas, productos a base de hierbas, etc.)
- Infertilidad (para asistir a mujeres para quedar embarazadas)
