WELCOME TO DHMP

On behalf of Denver Health Medical Plan, Inc. (DHMP), we would like to welcome you to your health insurance plan for 2024. We know you will find many advantages to being a member of DHMP, including personalized service and comprehensive health care benefits. Our members come first!

This guide is filled with very important information on how to get the most out of your health plan. The following tips will help you navigate the process and take advantage of your benefits.

1 SCHEDULE AN APPOINTMENT TO ESTABLISH CARE IF YOU'RE NEW TO DHMP, OR SCHEDULE YOUR PREVENTIVE CARE VISIT WITH YOUR PCP

Make sure you're up-to-date on your preventive care:

- Annual checkups
- Immunizations
- Cancer screenings
- Prenatal visits
- Well-child visits
- Well-woman exams

MEMBER TIP:

When you visit your provider for an annual preventive exam, it is also a great time to talk to your provider about chronic issues such as high blood pressure, diabetes, etc. or any new health issues. You and your provider can develop a plan that supports your health and well-being and fits your lifestyle. Cost-sharing may apply if additional services such as an ultrasound, x-rays, bloodwork, etc. are needed.

2 SAVE ON PRESCRIPTION COSTS

Prescription pricing at Denver Health pharmacies is lower than at National Network retail pharmacies. You can save up to **50% off** your prescription costs at a Denver Health pharmacy (prescriptions must be written by a Denver Health provider).

3 LOG IN TO OUR MEMBER PORTAL

MEMBER TIP:

Telehealth services are a covered benefit. Telehealth can be used for many services like PCP visits, some specialist visits, behavioral health services and more. Telehealth copays and cost-sharing work just like an in-person visit to your provider. There is no additional fee to use telehealth services.

YOUR DHMP MEMBER IDENTIFICATION CARD

You, and each member of your family on this plan, will receive a Member Identification (ID) card upon enrollment. The ID card lists the most common services. You will need to have this card with you when accessing care. If you have misplaced it, log into the Member Portal to request or print a new one, or call Health Plan Services at 303-602-2100 for a replacement card.

HEALTH INSURANCE 101: SIMPLE LANGUAGE

MONTHLY PREMIUM:

Monthly charge to a subscriber for medical benefit coverage for the subscriber and their eligible, enrolled dependents.

OUT-OF-POCKET COSTS:

What you pay for medical expenses that aren't paid by your health insurance plan. Your out-of-pocket costs include deductibles, copays and coinsurance for health care services. In other words, any costs you personally pay for covered medical or pharmacy services.

BILLED AMOUNT:

This is what the provider bills to the insurance plan for a service you received. These are the full charges and the discount DHMP negotiated has not been applied yet.

ALLOWED AMOUNT:

DHMP negotiates a discount with each provider in our network. You have the advantage of this discount (allowed amount) and will never pay more than this negotiated price.

EMBEDDED DEDUCTIBLE PLAN:

In an embedded deductible plan, cost sharing for a member will begin when that member reaches their individual deductible, or when a combination of members reaches the family deductible. This means that a member will start to pay copays and/or coinsurance for the remainder of the plan year or until the individual out-of-pocket maximum is met. Once the individual reaches their out-of-pocket maximum, then the plan will pay 100% of covered services for that member for the remainder of the plan year.

Note: an individual who meets their individual deductible will initiate cost sharing with the plan prior to other members on the plan.

COINSURANCE:

This is the charge, stated as a percentage of eligible expenses, that you are required to pay for certain covered health services.

OUT-OF-POCKET MAXIMUM:

The maximum amount you will have to pay for allowable covered expenses under a health plan. The specific deductibles or cost sharing included in the out-of-pocket maximum may vary by policy.

SAME DAY CARE

**When you can't get in to see your Primary Care Provider

There are separate Pediatric (open 24/7 at 777 Bannock St.) and Adult (open daily, 7 a.m. to 8 p.m. at 660 Bannock St.) Urgent Care centers on its Main Campus, as well as the Federico F. Peña Southwest Clinic for Pediatrics and Adults at 1339 Federal Blvd. (open Mon. – Fri., 9 a.m. to 8 p.m. | Sat. – Sun., 9 a.m. to 4 p.m., closed holidays), and the Downtown Urgent Care Clinic at 1545 California St. (open daily, 7 a.m. to 7 p.m.). PHARMACY BENEFITS

WHERE YOU CAN FILL YOUR PRESCRIPTION

- » Want to lower your out-of-pocket costs? Denver Health pharmacies are conveniently located in many of the Denver Health clinics and will give you the lowest out-of-pocket costs.
 - Important: Prescriptions must be written by a Denver Health provider in order to be filled at a Denver Health pharmacy.
- » You can fill your prescription at one of thousands of contracted pharmacies nationwide including Denver Health pharmacies, King Soopers, Safeway, Target, Walgreens and more.

WE PASS THE SAVINGS ON TO YOU

DHMP will never charge you more than your copay, and if the pharmacy submits a cost less than your copay, that savings is passed on to you. Example: If your copay is \$8 and the pharmacy submits a cost of \$10, you will pay \$8. However, if your copay is \$8 and the pharmacy submits a cost of \$6, you will only pay \$6.

HOW TO SAVE MONEY ON PRESCRIPTIONS

- » Ask your provider for a 90-day supply; the cost of a 90-day supply is less than getting a 30-day supply each month.
 - 90-day supplies can also be sent to your home through the mail using the plan's Mail Order Pharmacy.
- » Fill your prescriptions at a Denver Health pharmacy (if your prescription is written by a Denver Health provider).
 - Don't have time to get to a Denver Health pharmacy? Denver Health Pharmacy by Mail will send prescriptions directly to your home!

SPECIALTY DRUGS

- » If you fill prescriptions written by a specialist provider such as an infectious disease specialist, rheumatologist, neurologist or oncologist, you may have specialty drugs.
- » Specialty drugs can only be filled at a Denver Health pharmacy or the preferred specialty pharmacies chosen by DHMP.
- » Most specialty drugs can only be filled for a 30-day supply, even if they are sent to your home in the mail.

VISIT [DENVERHEALTHMEDICALPLAN.ORG](https://denverhealthmedicalplan.org) FOR:

- » Mail order information
- » The Formulary and Pharmaceutical Management Procedures, which contain:
 - A list of covered pharmaceuticals (i.e., the drug formulary)
 - An explanation of limits on refills, doses or prescriptions
 - Pharmaceuticals that require Prior Authorization (PA)
 - Use of generic substitution, therapeutic interchange and step-therapy protocols
 - An explanation of how to start a PA (i.e., exception request) and what information must be provided
 - The list of drugs that are excluded from coverage
 - Procedures that affect coverage of pharmaceuticals
 - The copayment structure for restricted pharmaceuticals
- » Access to the Member Pharmacy Portal
