FORMULARY UPDATES TO DHMP COMMERCIAL DHHA PLANS (HMO/POS) AND MEDICAID/CHP PLANS

Formulary updates occur quarterly and are approved by the Denver Health Pharmacy and Therapeutics (P&T) committee. Formulary updates and changes typically aim to promote cost effectiveness, clinical appropriateness, and alignment with regulations. The updates may include, but are not limited to, additions to the formulary, removal of drugs/ products from the formulary, updates to the utilization management criteria, and/or updates to a drug/product's tier placement. Some medications such as new generics may be added retroactively to prevent delays in care. The updated formulary can be found on DHMP's website **denverhealthmedicalplan.org/for-providers/provider-pharmacy-information** and is refreshed quarterly.
