

Elevate Medicare Choice (HMO D-SNP)

2025 Formulary

(List of Covered Drugs or “Drug List”)

**PLEASE READ: THIS DOCUMENT CONTAINS INFORMATION
ABOUT THE DRUGS WE COVER IN THIS PLAN**

HPMS Approved Formulary File Submission ID: 0025213 Version Number: 12

This formulary was updated on 06/01/2025. For more recent information or other questions, please contact Elevate Medicare Choice (HMO D-SNP) Health Plan Service at 303-602-2111 or toll free at 1-877-956-2111 (TTY users should call 711), 8 a.m. to 8 p.m. seven days a week, or visit [DenverHealthMedicalPlan.org](https://denverhealthmedicalplan.org).

Note to existing members: This Formulary has changed since last year. Please review this document to make sure that it still contains the drugs you take.

When this Drug List (Formulary) refers to “we,” “us”, or “our,” it means Elevate Medicare Advantage. When it refers to “plan” or “our plan,” it means Elevate Medicare Choice (HMO D-SNP).

This document includes Drug List (formulary) for our plan which is current as of 06/01/2025. For an updated Drug List (formulary), please contact us. Our contact information, along with the date we last updated the Drug List (formulary), appears on the front and back cover pages.

You must generally use network pharmacies to use your prescription drug benefit. Benefits, formulary, pharmacy network, and/or copayments/coinsurance may change on January 1, 2025, and from time to time during the year.

What is the Elevate Medicare Choice (HMO D-SNP) formulary?

In this document, we use the terms Drug List and formulary to mean the same thing. A formulary is a list of covered drugs selected by Elevate Medicare Choice (HMO D-SNP) in consultation with a team of health care providers, which represents the prescription therapies believed to be a necessary part of a quality treatment program. Elevate Medicare Choice (HMO D-SNP) will generally cover the drugs listed in our formulary as long as the drug is medically necessary, the prescription is filled at an Elevate Medicare Choice (HMO D-SNP) network pharmacy, and other plan rules are followed. For more information on how to fill your prescriptions, please review your Evidence of Coverage.

Can the formulary change?

Most changes in drug coverage happen on January 1, but we may add or remove drugs on the formulary during the year, move them to different cost-sharing tiers, or add new restrictions. We must follow the Medicare rules in making these changes. Updates to the formulary are posted monthly to our website here: [DenverHealthMedicalPlan.org/medicare-choice-comprehensive-formulary](https://denverhealthmedicalplan.org/medicare-choice-comprehensive-formulary).

Changes that can affect you this year: In the below cases, you will be affected by coverage changes during the year:

- **Immediate substitutions of certain new versions of brand name drugs and original biological products.** We may immediately remove a drug from our formulary if we are replacing it with a certain new version of that drug that will appear with the same or fewer restrictions. When we add a new version of a drug to our formulary, we may decide to keep the brand name drug or original biological product on our formulary, but immediately add new restrictions.

We can make these immediate changes only if we are adding a new generic version of a brand name drug, or adding certain new biosimilar versions of an original biological product, that was already on the formulary (for example, adding an interchangeable biosimilar that can be substituted for an original biological product by a pharmacy without a new prescription).

If you are currently taking the brand name drug or original biological product, we may not tell you in advance before we make an immediate change, but we will later provide you with information about the specific change(s) we have made.

If we make such a change, you or your prescriber can ask us to make an exception and continue to cover for you the drug that is being changed. For more information, see the section below titled “How do I request an exception to Elevate Medicare Choice (HMO D-SNP)’s Formulary?”

Some of these drug types may be new to you. For more information, see the section below titled “What are original biological products and how are they related to biosimilars?”

- **Drugs removed from the market.** If a drug is withdrawn from sale by the manufacturer or the Food and Drug Administration (FDA) determines to be withdrawn for safety or effectiveness reasons, we may immediately remove the drug from our formulary and later provide notice to members who take the drug.
- **Other changes.** We may make other changes that affect members currently taking a drug. For instance, we may add a new generic drug to replace a brand-name drug currently on the formulary, or add a new biosimilar to replace an original biological product currently on the formulary, or add new restrictions or move a drug we are keeping on the formulary to a higher cost-sharing tier or both after we add a corresponding drug. We may make changes based on new clinical guidelines. If we remove drugs from our formulary or add prior authorization, quantity limits and/or step therapy restrictions on a drug, we must notify affected members of the change

at least 30 days before the change becomes effective. Alternatively, when a member requests a refill of the drug, they may receive a 30-day supply of the drug and notice of the change.

If we make these other changes, you or your prescriber can ask us to make an exception for you and continue to cover the drug you have been taking. The notice we provide you will also include information on how to request an exception, and you can also find information in the section below entitled “How do I request an exception to the Elevate Medicare Choice (HMO D-SNP)’s Formulary?”

Changes that will not affect you if you are currently taking the drug. Generally, if you are taking a drug on our 2025 formulary that was covered at the beginning of the year, we will not discontinue or reduce coverage of the drug during the 2025 coverage year except as described above. This means these drugs will remain available at the same cost sharing and with no new restrictions for those members taking them for the remainder of the coverage year. You will not get direct notice this year about changes that do not affect you. However, on January 1 of the next year, such changes would affect you, and it is important to check the formulary for the new benefit year for any changes to drugs.

The enclosed formulary is current as of 06/01/2025. To get updated information about the drugs covered by Elevate Medicare Choice (HMO D-SNP) please contact us. Our contact information appears on the front and back cover pages. Future formulary changes are sent to you with your monthly Part D Explanation of Benefits. If the Food and Drug Administration deems a drug on our formulary to be unsafe or the drug’s manufacturer removes the drug from the market, affected members will receive a separate notification. You can find a list of Future Formulary Changes on our website.

How do I use the Formulary?

There are two ways to find your drug within the formulary:

Medical Condition

The formulary begins on page 3. The drugs in this formulary are grouped into categories depending on the type of medical conditions that they are used to treat. For example, drugs used to treat a heart condition are listed under the category, “Cardiovascular Agents”. If you know what your drug is used for, look for the category name in the list that begins on 3. Then look under the category name for your drug.

Alphabetical Listing

If you are not sure what category to look under, you should look for your drug in the Index that begins on page I-1. The Index provides an alphabetical list of all of the drugs included in this document. Both brand name drugs and generic drugs are listed in the Index. Look in the Index and find your drug. Next to your drug, you will see the page number where you can find coverage information. Turn to the page listed in the Index and find the name of your drug in the first column of the list.

What are generic drugs?

Elevate Medicare Choice (HMO D-SNP) covers both brand name drugs and generic drugs. A generic drug is approved by the FDA as having the same active ingredient as the brand name drug. Generally, generic drugs work just as well as and usually cost less than brand name drugs. There are generic drug substitutes available for many brand name drugs. Generic drugs usually can be substituted for the brand name drug at the pharmacy without needing a new prescription, depending on state laws.

What are original biological products and how are they related to biosimilars?

On the formulary, when we refer to drugs, this could mean a drug or a biological product. Biological products are drugs that are more complex than typical drugs. Since biological products are more complex than typical drugs, instead of having a generic form, they have alternatives that are called biosimilars. Generally, biosimilars work just as well as the original biological product and may cost less. There are biosimilar alternatives for some original biological products. Some biosimilars are interchangeable biosimilars and, depending on state laws, may be substituted for the original biological product at the pharmacy without needing a new prescription, just like generic drugs can be substituted for brand name drugs.

- For discussion of drug types, please see the Evidence of Coverage, Chapter 5, Section 3.1, “The ‘Drug List’ tells which Part D drugs are covered.”

Are there any restrictions on my coverage?

Some covered drugs may have additional requirements or limits on coverage. These requirements and limits may include:

- **Prior Authorization:** Elevate Medicare Choice (HMO D-SNP) requires you or your prescriber to get prior authorization for certain drugs. This means that you will need to get approval from Elevate Medicare Choice (HMO D-SNP) before you fill your prescriptions. If you don’t get approval, Elevate Medicare Choice (HMO D-SNP) may not cover the drug.
- **Quantity Limits:** For certain drugs, Elevate Medicare Choice (HMO D-SNP) limits the amount of the drug that Elevate Medicare Choice (HMO D-SNP) will cover. For example, Elevate Medicare Choice (HMO D-SNP) provides 90 capsules per 30-day per prescription for pregabalin (Lyrica). This may be in addition to a standard one-month or three-month supply.
- **Step Therapy:** In some cases, Elevate Medicare Choice (HMO D-SNP) requires you to first try certain drugs to treat your medical condition before we will cover another drug for that condition. For example, if Drug A and Drug B both treat your medical condition, Elevate Medicare Choice (HMO D-SNP) may not cover Drug B unless you try Drug A first. If Drug A does not work for you, Elevate Medicare Choice (HMO D-SNP) will then cover Drug B.

You can find out if your drug has any additional requirements or limits by looking in the formulary that begins on page 3. You can also get more information about the restrictions applied to specific covered drugs by visiting our website. We have posted online documents that explain our prior authorization and step therapy restrictions. You may also ask us to send you a copy. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

You can ask Elevate Medicare Choice (HMO D-SNP) to make an exception to these restrictions or limits or for a list of other, similar drugs that may treat your health condition. See the section, “How do I request an exception to the Elevate Medicare Choice (HMO D-SNP)’s formulary?” on page 5 for information about how to request an exception.

What if my drug is not on the Formulary?

If your drug is not included in this formulary (list of covered drugs), you should first contact Health Plan Services and ask if your drug is covered.

If you learn that Elevate Medicare Choice (HMO D-SNP) does not cover your drug, you have two options:

- You can ask Health Plan Services for a list of similar drugs that are covered by Elevate Medicare Choice (HMO D-SNP). When you receive the list, show it to your doctor and ask them to prescribe a similar drug that is covered by Elevate Medicare Choice (HMO D-SNP).
- You can ask Elevate Medicare Choice (HMO D-SNP) to make an exception and cover your drug. See below for information about how to request an exception.

How do I request an exception to the Elevate Medicare Choice (HMO D-SNP)’s Formulary?

You can ask Elevate Medicare Choice (HMO D-SNP) to make an exception to our coverage rules. There are several types of exceptions that you can ask us to make.

- You can ask us to cover a drug even if it is not on our formulary. If approved, this drug will be covered at a pre-determined cost-sharing level, and you would not be able to ask us to provide the drug at a lower cost-sharing level.
- You can ask us to waive a coverage restriction including prior authorization, step therapy, or a quantity limit on your drug. For example, for certain drugs, Elevate Medicare Choice (HMO D-SNP) limits the amount of the drug that we will cover. If your drug has a quantity limit, you can ask us to waive the limit and cover a greater amount.

Generally, Elevate Medicare Choice (HMO D-SNP) will only approve your request for an exception if the alternative drugs included on the plan’s formulary, or applying the restriction would not be as effective for you and/or would cause you to have adverse effects.

You or your prescriber should contact us to ask for a formulary exception, including an exception to a coverage restriction. **When you request an exception, your prescriber will need to explain the medical reasons why you need the exception.** Generally, we must make our decision within 72 hours of getting your prescriber’s supporting statement. You can ask for an expedited (fast) decision if you believe, and we agree, that your health could be seriously harmed by waiting up to 72 hours for a decision. If we agree, or if your prescriber asks for a fast decision, we must give you a decision no later than 24 hours after we get your prescriber’s supporting statement.

What can I do if my drug is not on the formulary or has a restriction?

As a new or continuing member in our plan you may be taking drugs that are not on our formulary. Or, you may be taking a drug that is on our formulary but has a coverage restriction, such as prior authorization. You should talk to your prescriber about requesting a coverage decision to show that you meet the criteria for approval, switching to an alternative drug that we cover, or requesting a formulary exception so that we will cover the drug you take. While you and your doctor determine the right course of action for you, we may cover your drug in certain cases during the first 90 days you are a member of our plan.

For each of your drugs that is not on our formulary or has a coverage restriction, we will cover a temporary 30-day supply. If your prescription is written for fewer days, we'll allow refills to provide up to a maximum 30-day supply of medication. If coverage is not approved, after your first 30-day supply, we will not pay for these drugs, even if you have been a member of the plan less than 90 days.

If you are a resident of a long-term care facility and you need a drug that is not on our formulary or if your ability to get your drugs is limited, but you are past the first 90 days of membership in our plan, we will cover a 31-day emergency supply of that drug while you pursue a formulary exception.

If you experience a level of care change, such as being admitted or discharged from a long-term care facility and you are outside the first 90 days of your coverage, Elevate Medicare Choice (HMO D-SNP) will provide a one-time fill of non-formulary Part D drugs as described above.

For more information

For more detailed information about your Elevate Medicare Choice (HMO D-SNP) prescription drug coverage, please review your Evidence of Coverage and other plan materials.

If you have questions about Elevate Medicare Choice (HMO D-SNP), please contact us. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

If you have general questions about Medicare prescription drug coverage, please call Medicare at 1-800-MEDICARE (1-800-633-4227) 24 hours a day/7 days a week. TTY users should call 1-877-486-2048. Or, visit <http://www.medicare.gov>.

Elevate Medicare Choice (HMO D-SNP) Formulary

The formulary that begins on the next page provides coverage information about the drugs covered by Elevate Medicare Choice (HMO D-SNP). If you have trouble finding your drug in the list, turn to the Index that begins on page I-1.

The first column of the chart lists the drug name. Brand name drugs are capitalized (e.g., ADVAIR DISKUS) and generic drugs are listed in lower-case italics (e.g., *amoxicillin* (*Amoxil*)).

The information in the Requirements/Limits column tells you if Elevate Medicare Choice (HMO D-SNP) has any special requirements for coverage of your drug.

The following abbreviations may be found within the body of this document

COVERAGE NOTES ABBREVIATIONS

Utilization Management Restrictions

ABBREVIATION	DESCRIPTION	EXPLANATION
PA	Prior Authorization Restriction	You (or your physician) are required to get prior authorization from us before you fill your prescription for this drug. Without prior approval, we may not cover this drug.
PA BvD	Prior Authorization Restriction for Part B vs Part D Determination	This drug may be eligible for payment under Medicare Part B or Part D. You (or your physician) are required to get prior authorization from us to determine that this drug is covered under Medicare Part D before you fill your prescription for this drug. Without prior approval, we may not cover this drug.
PA-HRM	Prior Authorization Restriction for High Risk Medications	This drug has been deemed by CMS to be potentially harmful and therefore, a High-Risk Medication for Medicare beneficiaries 65 years or older. Members age 65 years or older are required to get prior authorization from us before you fill your prescription for this drug. Without prior approval we may not cover this drug.
PA NSO	Prior Authorization Restriction for New Starts Only	If you are a new member or you have not previously taken this drug, you (or your physician) are required to get prior authorization from us before you fill your prescription for this drug. Without prior approval, we may not cover this drug.
QL	Quantity Limit Restriction	We limit the amount of this drug that is covered per prescription, or within a specific time frame. Without prior approval, we would not cover quantities above the limit.
ST	Step Therapy Restriction	We will provide coverage for this drug, you must first try another drug(s) to treat your medical condition. This drug may only be covered if the other drug(s) does not work for you.
LA	Limited Access Drug	This prescription may only be covered at certain pharmacies. For more information consult your Pharmacy Directory or call Health Plan Services at 1-877-956-2111, 8 a.m. – 8 p.m. seven days a week. TTY users should call 711.
NDS	Non-Extended Day Supply	This drug is only able to be filled for a 1-month supply at a time and is not eligible for a day supply greater than 1-month at a time.
NM	No Mail Order	This drug is a specialty medication and is not eligible for a 90-day supply and therefore cannot be filled using 90-day mail order programs.

Drug Name	Drug Tier	Requirements/Limits
<i>vancomycin oral capsule 125 mg</i> (Vancocin)	1	QL (56 per 14 days)
<i>vancomycin oral capsule 250 mg</i> (Vancocin)	1	QL (112 per 14 days)
XIFAXAN ORAL TABLET 200 MG	1	PA; QL (9 per 30 days)
XIFAXAN ORAL TABLET 550 MG	1	PA; NM; NDS; QL (90 per 30 days)
Cephalosporins		
<i>cefaclor oral capsule 250 mg, 500 mg</i>	1	
<i>cefadroxil oral capsule 500 mg</i>	1	
<i>cefadroxil oral suspension for reconstitution 250 mg/5 ml, 500 mg/5 ml</i>	1	
<i>cefazolin injection recon soln 1 gram, 10 gram, 500 mg</i>	1	
<i>cefdinir oral capsule 300 mg</i>	1	
<i>cefdinir oral suspension for reconstitution 125 mg/5 ml, 250 mg/5 ml</i>	1	
<i>cefepime injection recon soln 1 gram, 2 gram</i>	1	
<i>cefixime oral capsule 400 mg</i>	1	
<i>cefoxitin intravenous recon soln 1 gram, 10 gram, 2 gram</i>	1	
<i>cefpodoxime oral tablet 100 mg, 200 mg</i>	1	
<i>cefprozil oral tablet 250 mg, 500 mg</i>	1	
<i>ceftazidime injection recon soln 1 gram, 2 gram, 6 gram</i> (Tazicef)	1	
<i>ceftriaxone injection recon soln 1 gram, 10 gram, 2 gram, 250 mg, 500 mg</i>	1	
<i>cefuroxime axetil oral tablet 250 mg, 500 mg</i>	1	
<i>cefuroxime sodium injection recon soln 750 mg</i>	1	

You can find information on what the symbols and abbreviations in this table mean by going to the introduction pages of this document

06/01/2025

Drug Name	Drug Tier	Requirements/Limits
<i>cefuroxime sodium intravenous recon soln 1.5 gram, 7.5 gram</i>	1	
<i>cephalexin oral capsule 250 mg, 500 mg</i>	1	
<i>cephalexin oral suspension for reconstitution 125 mg/5 ml, 250 mg/5 ml</i>	1	
<i>tazicef injection recon soln 1 gram, 2 gram, 6 gram</i> (ceftazidime)	1	
TEFLARO INTRAVENOUS RECON SOLN 400 MG, 600 MG	1	NM; NDS
Macrolides		
<i>azithromycin intravenous recon soln 500 mg</i> (Zithromax)	1	
<i>azithromycin oral suspension for reconstitution 100 mg/5 ml, 200 mg/5 ml</i> (Zithromax)	1	
<i>azithromycin oral tablet 250 mg (6 pack), 500 mg (3 pack), 600 mg</i>	1	
<i>azithromycin oral tablet 250 mg, 500 mg</i> (Zithromax)	1	
<i>clarithromycin oral suspension for reconstitution 125 mg/5 ml, 250 mg/5 ml</i>	1	
<i>clarithromycin oral tablet 250 mg, 500 mg</i>	1	
DIFICID ORAL TABLET 200 MG	1	NM; NDS; QL (20 per 10 days)
<i>erythromycin ethylsuccinate oral suspension for reconstitution 200 mg/5 ml</i> (E.E.S. Granules)	1	
<i>erythromycin ethylsuccinate oral suspension for reconstitution 400 mg/5 ml</i> (EryPed 400)	1	
<i>erythromycin oral tablet 250 mg, 500 mg</i>	1	

You can find information on what the symbols and abbreviations in this table mean by going to the introduction pages of this document
