The image shows the MyChart mobile app home screen for a user named Sophie. The top navigation bar is blue with the MyChart logo and a status bar at the top showing the time as 11:18 AM on Tuesday, December 20, and a battery level of 46%. Below the header, there is a large blue circle with the letter 'S' and the name 'Sophie'. Underneath this, there are five circular icons: 'Visits' (calendar icon), 'Messages' (envelope icon), 'Menu' (three horizontal lines), 'Test Results' (flask icon), and 'Medications' (pill icon). The 'Visits' icon is circled in red. Below these icons, there is a section titled 'Office Visit Appointment' which is also circled in red. This section displays the date 'Dec 22 Thu', the time 'Arrive by 10:40 AM MST', the location 'La Casa-Quigg Newton Family Health Center', and the provider 'With Drew Barcelona, MD'. At the bottom of this section are two buttons: 'eCheck-in' and 'View details'. Below the appointment section, there is a message stating 'Your email address has not been verified. We need to verify that we can reach you at this email address by sending a one-time code to sophie@email.com.' with two buttons: 'Send code to verify' and 'Update contact info'.

Visit Instructions  
Telehealth Video Visit Instructions  
You have been scheduled for a video visit with your provider from Denver Health.  
You need to be in the state of Colorado during the time of the visit.  
To ensure a successful Telehealth Video Visit, you will need the following:  

- Strong mobile phone service or internet connection
- A mobile phone, tablet, desktop or laptop computer with a camera that is connected to the Internet
  - Ensure that your battery is charged if using mobile phones or laptops, or that device is plugged in
  - When calling in, it is best to be in a well-lit room that is quiet and free of distractions
  - If possible, have a list of your current medications on hand

\*Attention iPhone and iPad users: For the best experience, please make sure you are on the latest version of Apple (iOS 15.2+). If you are currently on iOS 15.1, you will need to download the ExtendedCare Cloud App to complete your video visit.

Please login to your MyChart account for instructions on how to set up your device (instructions in English and Spanish). You can also find instruction information by following the QR code below or [click here](#)

### Study Result

#### Impression

No mammographic evidence of malignancy is noted.

ASSESSMENT 1: Negative

RECOMMENDATION: Routine screening mammogram in 1 year.

A letter with these results and recommendation for follow-up was sent to the patient.

The background of the slide features a central vertical panel with a soft pink-to-white gradient. This panel is flanked on both sides by images of green, elongated leaves, possibly from a plant like a peace lily, which are slightly out of focus and create a sense of depth.
